

**THE DESIGN  
CONSORTIUM**

*Testimonial for Punit Sharma, Director AGV AlFab*

*I have known Punit Sharma for over five years and proud to have sponsored him to this chapter. We have been using AGV Alfab Aluminum glazing and windows in most of our prestigious projects all over the country.*

*Their recent power-coated wood-finish Aluminum sections is the brainwave of Punit and the perfect replacement and solution for conventional wooden frames. These are totally sound-proof, dust & water proof and totally maintenance free. I had recommended AGV Alfab at Kashmir for its harsh climate and J&K Tourism are now using them and have decided to use them for all their future projects in the state.*

*Punit is a visionary and has taken AGV to great heights and I am sure he and AGV Alfab will be a huge success all over the country.*

*I have found a reliable partner in Punit Sharma and I wish him all success in life.*
